

ENGAGE, EXCITE & INSPIRE WITH

ETM Virtual Connections

Event Travel Management (ETM) maximises the attendee experience with a virtual toolbox to curate connected, digital experiences.

As event planners balance the current complexities of events and meetings management - including attendees' health needs, travel restrictions and budget requirements - virtual experiences can deliver powerful and effective solutions to connect your attendees, speakers and stakeholders.

ETM helps our customers to deploy a variety of virtual meetings solutions, including:

- Integrated, branded website and online registration solutions
- Virtual sponsor or exhibition spaces
- Pre-recorded and live session formats
- Meeting hubs for 1:1 meetings
- Digital networking and group functions
- Live Q&A, technical support, meeting facilitator and emcee
- Post-session surveys and recording distribution
- Export session notes and contact exchanges
- Enhanced features such as payment processing

Distance doesn't
have to eliminate
shared, connected
experiences.

Contact ETM today.

“I enjoyed all the small details, like the music and photos during breaks. The guest speakers were great!”

“I appreciate how easy it was to connect and had no issues with systems.”

The Right Partner Makes a Difference

ETM will partner with your business to design a customised virtual event solution which meets your strategic objectives while adding value at every stage of the experience. Leverage our extensive supplier buying power, customised and intuitive technologies, and creative event management team to deliver every event with maximum engagement, efficiency, creativity and value.

Who We Are

Event Travel Management (ETM) is an international, multi-award winning provider of professional event management services delivering innovative solutions and exceptional value with each custom event.

We become an extension of your team, bringing the latest technology and creative resources to connect your delegates with the ultimate brand experience.

Producing events to match your business objectives, we streamline solutions to reflect your brand identity, weaving your business ethos into all your meetings and events.

We develop highly customised meeting, event and incentive solutions which make a real difference to organisations across the globe. No matter the size or complexity of your event, we'll deliver a tailored solution that works for you.

That's the ETM difference.

What We Do

ETM's event management services provide end-to-end solutions from concept design through to planning, implementation and evaluation.

ETM's expert event planning team create virtual and face-to-face event experiences which engage, excite and inspire people to perform. We do this by blending expert service, intuitive and engaging technologies, and highly creative and innovative event concepts and theming. Our objective is to create and support events that meet your wider business objectives while creating experiences that are remembered and shared for years to come.

Our event services and technology solutions deliver connected experiences for your attendees, both in-person and virtually, through:

- Events, conferences, meetings and incentives
- Group air travel
- Venue sourcing
- Registration and attendee management
- Technology and mobile applications
- Strategic meetings management
